Step 2: My EAU Account

- To register your group for EAU20, you must first have your **personal My EAU account**. As you are the contact person it is of the utmost importance to sign up with **your** contact details only. If you do not have a personal account yet, please create your **own** account.

- If you do not remember your login details, please use the “Forgot password” option.
Step 3: Start to register your group

1. Sign in with your My EAU login account.
2. Select “Start new registration”.
3. Select who is attending. In case of a group registration you always select ‘someone else’
4. You can use our database to search for names. Please use the ‘Name’ field to search for a delegate’s last name. If too many results are shown you can narrow your search by entering the first name, city or country.

The database automatically recognizes when somebody is a member of the EAU. The applicable fee will then be calculated.

5. If a name does not appear in your screen you can add the delegate yourself by filling in the details. Please note that it is not allowed to add a name of a delegate with the address of your own company. We need either the private or work address of the
delegate; otherwise your registration will not be processed.

When adding a professional address of your delegate, you first have to select the ‘country’. After that, you can search for the name of the hospital/company in our database. If a hospital or company cannot be found you can add a new hospital/company.
6. Choose your registration type
7. If applicable you can add entitlements to every delegate’s registration by continuing to the next step. When no entitlements are available you will automatically proceed to the next step

8. If you have no additional entitlements to select for your current delegates, you can continue registering the next delegate(s) by clicking on the “Add another participant” button.

If you have, by accident, selected the button ‘add another participant’ but if you have no more participants to add, please select the ‘proceed to payment’ button in order to continue

10. If you leave the online registration system before finishing your registration, it will automatically be saved (you will find the logout button on the bottom of the page). Once you sign in again, your registration will have the status ‘online pending’.

You will see an overview of the registered delegates per registration number. If you select the ‘edit registration’ button you have the possibility to add, edit or delete a delegate or to proceed to payments.

- If your group registration includes less than 50 delegates, there are two options for you to consider:
  A. You can forward all E-tickets to the delegates. In that case all delegates will be able to print their badge onsite at one of the self-service units in the registration area. Delegates have to collect their own congress bag, transportation pass and programme book.
  B. You can bring all E-tickets yourself to the congress venue and print all delegate badges at one of the self-service units in the registration area. Either you or your delegates can pick-up the congress bag, transportation pass and programme book
