

EAU19 | BARCELONA

15-19 March 2019
Cutting-edge Science at Europe's largest Urology Congress

Rules and regulations regarding your industry session

- The company is responsible for the scientific content of the session.
- The full programme should be conducted in English.
- Chairs / speakers will be invited through the EAU, unless agreed otherwise. Programme and speaker proposals must be first sent to the EAU Congress Office for approval by the EAU Executive Committee.
- It is not allowed for a chair or speaker to participate in more than one industry session.
- Since the EAU Annual Congress is an European meeting the aim is to have European chairs and speakers. Please take this into consideration when composing your programme.
- The company is responsible for the speaker/chair honoraria (for further details, please see the contract).
- If a speaker has a link with the industry (including advisory board) this should be mentioned prior to the session and in the programme announcements.
- The EAU trusts that companies, next to the EAU regulations, commit to the existing European and national regulations of the healthcare authorities.
