The EAU Patient Office was established to ensure that patients remain at the centre of everything the EAU does, and to empower patients on their urological healthcare journey, while optimising awareness among urologists and key stakeholders. Patients, represented by the EAU Patient Advocacy Group (EPAG), assist the EAU's purpose to optimise urological care delivery by assimilating the patient perspective, which evidence shows improves patient outcomes. The EAU Patient Information website is the leading and trusted portal for patients and healthcare professionals. We set ourselves apart by offering evidence-based information on urological conditions, treatments, patient support and more. Patient Advocates are welcome to visit the EAU Patient Lounge: a place to relax and connect in between sessions. HCPs can order their customized QR-code poster at the Patient Lounge.
